

# Stokolan® Hand & Body

## Conditioning Lotion for Hands & Body

### PRODUCT DESCRIPTION

A fast absorbing, easy to apply skin conditioning lotion for use on all areas of the body. Enriched with a unique blend of skin care ingredients to increase skin hydration.

### WHERE TO USE

For use by those with moderate skin dryness from daily working in industrial, healthcare, office and commercial areas.

After-work skin restore creams help to maintain the skin in healthy condition by keeping it strong and supple, avoiding dryness. Using restore creams is an important element in skin care best practice.

### INSTRUCTIONS FOR USE

- Apply as needed to hands, face and body
- Ensure skin is clean and dry before use

SKIN CARE LEVEL 1  
MODERATELY DRY  
SKIN

FORMAT: **LOTION**

FEATURES	BENEFITS
<b>Fast absorbing lotion</b>	Specifically formulated for quick and easy use on all parts of the body without leaving an oily residue on the skin.
<b>Contains Allantoin</b>	Supports the moisturisation effect and helps condition the skin.
<b>Contains Glycerin</b>	Enhances the water holding capacity of the skin's upper layers and supports the skin's own moisture system.
<b>Contains Creatine</b>	Encourages the skin's own production of barrier lipids and supports cell renewal.
<b>Hydrates skin</b>	Clinically proven to improve skin hydration when used regularly.
<b>Awarded with the quality seal ECARF</b>	Ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin.
<b>Silicone-free</b>	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.
<b>Compatible with rubber production processes</b>	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

## Conditioning Lotion for Hands & Body

### STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from [www.debgroup.com/msds](http://www.debgroup.com/msds).

### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

### CERTIFICATIONS

#### ECARF Seal of Quality

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products.

Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

#### Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

### COMPATIBILITY TESTS

#### Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Stokolan® Hand & Body in rubber production process does not influence the cohesive strength of rubber.

### EFFICACY TESTS

#### Skin Hydration Test

During a 2-week application period, the hydrating effect of Stokolan® Hand & Body was tested using 15 panellists. Results show that after one week application of Stokolan® Hand & Body, the skin hydration level had risen by 6.5% and after 2 weeks it had risen by 8.4%. Stokolan® Hand & Body enhances skin moisture content when used as directed and as part of a comprehensive skin care regime.
