

Technical Information

## Kresto® colour [REDURAN® SPEZIAL]

### Skin Cleansing

**Special hand cleanser for the removal of stubborn dyestuffs.**

#### Description

Kresto® colour is a solvent-free and preservative-free special hand cleanser for removing contamination caused by dyestuffs.

#### Area of Application

For removing dyestuffs which are reducible within the alkaline range, such as toner, aniline dyes, azo dyes, printing and copying inks, fruit and vegetable colourants.

#### Product Description

Beige, perfumed paste-like suspension.

#### Instructions for Use

- Do not wet soiled hands.
- Rub in Kresto® colour thoroughly.
- Add a little water and wash until most of the colourant contamination has been removed.
- Thoroughly rinse off.
- Dry carefully.

Repeat process after drying hands if necessary.

The slightly sulphurous odour of Kresto® colour emanates from the reducing agent.

#### Features and Benefits

Features	Benefits
contains reducing agent	<ul style="list-style-type: none"> <li>• reducible dyestuffs are converted into their uncoloured form and can then be washed off the skin</li> </ul>
contains natural scrubbing agent Astopon® (refined walnut shell powder)	<ul style="list-style-type: none"> <li>• particle size that is gentle on skin</li> <li>• is biodegradable and poses no problems for waste-water treatment or waste-water sludge</li> <li>• is a renewable raw material and therefore kind to the environment</li> <li>• easily rinsed away, preventing blocked drains and pipes</li> </ul>
dermatologically tested	<ul style="list-style-type: none"> <li>• minimises the risk of skin incompatibility</li> </ul>
water-less, concentrated product	<ul style="list-style-type: none"> <li>• effective and economical cleansing with just small quantities of the cleanser needed</li> </ul>
preservative-free	<ul style="list-style-type: none"> <li>• can be used even where there are individual sensitivities to preservatives</li> </ul>
contains biodegradable surfactants	<ul style="list-style-type: none"> <li>• no impact on waste water or the environment</li> </ul>

### Qualitative Composition

PEG-8, LAURETH-10, SODIUM HYDROSULFITE, PEG-2 RAPESEEDAMINE, JUGLANS REGIA SHELL POWDER (ASTOPON®), SILICA, PROPYLENE GLYCOL, TETRASODIUM EDTA, HYDROXYETHYL ETHYLCELLULOSE, TITANIUM DIOXIDE, SODIUM PHOSPHATE, PARFUM (FRAGRANCE).

The ingredient declarations used are in compliance with the International Nomenclature of Cosmetic Ingredients (INCI).

### Skin Compatibility Tests

The skin compatibility of Kresto® colour was carefully tested on volunteers under laboratory conditions and medical guidance. In these tests, as well as in practical use, Kresto® colour has proven to have very acceptable skin compatibility properties.

Medically certified skin compatibility expert reports prepared by Prof. Dr. med. S. W. Wassilew, MD for Dermatology, Allergology, Environmental Medicine, are available upon request.

### Statutory Regulations

Kresto® colour is governed by the Cosmetics Regulation of the EC, and is not subject to the Chemicals Act or the Ordinance Regulating Hazardous Substances.

### Safety Data Sheet

Can be downloaded from [www.stoko.com](http://www.stoko.com).

### Ecological Data

The surfactants used comply with the biodegradability criteria (EC Regulation 648/2004 on detergents).

### Quality Assurance

All of our products meet the bacterial purity standards as they apply to medicines for external use (as defined by Ph. Eur.).

< 10<sup>2</sup> reproducible germs / g product.

Verification tests in this respect are a regular feature of our quality assurance procedures.

### Storage Information

Kresto® colour can be stored in an unopened container at room temperature for more than 30 months. Shelf life after opening: see indication on packaging.

### First Aid

In the event of accidental eye contact with Kresto® colour, rinse repeatedly using lukewarm water (eye douche, eye irrigation bottle). Consult a doctor if any burning sensation persists.

### Additional Information

Expert reports and certificates are available upon request.

### Packaging Sizes

250 ml tube

2000 ml soft bottle (for all Stoko Vario® dispensers)

Please note that for reasons of trademark protection, only soft bottles from the STOKO® Programme may be used in these dispensers.
