#### SECTION 4: FIRST AID MEASURES

##### 4.1 Description of first aid measures:

If following the instruction for use no health hazards occur, immediate medical attention is not necessary. In any health complication or in case of doubts, seek medical advice. Show this safety data sheet or the label to the doctor. In case of health problems, do basic life support. Keep unconscious person in recovery position, give nothing by mouth. Do not induce vomiting. In case of spontaneous vomiting avoid vomit aspiration.

##### Inhalation:

In relation to the product form, inhalation exposure is improbable. Remove the affected person to fresh air and keep warm and at rest. If breathing difficulties occur (lack of oxygen, irregular breathing), apply artificial respiration. In case of long-lasting breathing problems seek medical advice.

##### Skin contact:

Wash thoroughly by water and soap. If skin irritation or allergic reaction occurs, seek medical advice.

##### Eye contact:

Eye contact is improbable. Remove contact lenses, if present and easy to do. Rinse wide open eyes with plenty of water, from inner canthus to the outer, mainly the space under eyelids.

##### Ingestion:

Possibility of ingestion limited due to product form and difficulty to chew and ingest. In the event of ingestion, do not induce vomiting, rinse mouth thoroughly with water. Seek medical advice.

##### 4.2 Most important symptoms and effects, both acute and delayed

The mixture contains some chemicals which may cause sensitising or allergic skin reaction. Sensitive people should avoid the contact with the mixture. The mixture contains small amount of chemicals, which are classified as hazardous to human health and aquatic life. Used quantities are too small to constitute any practical risks to health or the environment. During long lasting inhalation can cause headache. Avoid long lasting inhalation exposure.

##### 4.3 Indication of any immediate medical attention and special treatment needed

In case of usual usage and if following the instructions for use no health hazards occur, immediate medical treatment is not necessary. Treat symptomatically.
